

VARD 7 095  
Offshore Patrol Vessel

- The VARD 7 095 patrol vessel is designed as a long range weapon platform with integral helicopter capabilities for operation in maritime EEZ, including littoral waters in a minimum depth of 6 meters. The main roles of the vessel are coastal patrol, fisheries protection, anti-smuggling and anti-piracy, search and rescue and ocean surveillance. The vessel is also capable of limited pollution response against marine oil spill, undertaking wartime roles and operating a twin engine helicopter for a long range.
